I'm afraid that my influence with Bob Smith and the Parking Association is quite limited. Drollinger has 2 of the 5 members on that Board, so Miki should be able to get this done if those individuals will agree. I think they have parking in sufficient quantities to share, especially on the Sepulveda Eastway frontage, but it has always been difficult for me to get them to see a bigger picture. How many spaces does WISH need / use?

If Miki comes back empty handed, I'll go to a couple of the local property / parking lot owners that are not Parking Association members in search of some spaces if that would help. I don't want to interfere with Miki so let's allow her first crack at this. Ok?

Hey Miki and Don,

I'm pretty sure that Bob Smith runs the parking lot adjacent to WISH Charter School, but I know you guys are connected to him. The poor students and parents at WISH are getting harassed by the parking attendants in the lot across the street from the school.

Is there some way we can work out an agreement to let these folks park? WISH is such a great asset to this community, and we've always been really supportive of their efforts. We hear nothing but great things about them.

Thanks,

-Nate
